ISHIKA GOYAL

goyal.ishika1234@gmail.com | LinkedIn | GitHub | +91-852752511

Results-driven Computer Science student with hands-on experience in full-stack development, API testing using Postman, and manual testing of web applications. Passionate about software quality and delivering bug-free user experiences.

EDUCATION

Vellore Institute of Technology University, Bhopal *September 2022 - Ongoing*

B.Tech, Department of Computer Science and Engineering *CGPA : 9.11*

Birla Balika Vidyapeeth,Pilani *April 2020 - March 2021*

Class XII Central Board of Secondary Education (CBSE) *Percentage: 93.8%*

Birla Balika Vidyapeeth,Pilani *April 2018 - March 2019*

Class X Central Board of Secondary Education (CBSE) *Percentage: 95.8%*

TECHNICAL SKILLS

Testing & QA: Manual Testing, SDLC, STLC, Test Case Design, Test Scenarios, Bug Lifecycle, Defect Reporting, Regression Testing, Sanity Testing, Functional Testing
Tools & Technologies: Postman (API Testing), Git, GitHub, Chrome DevTools
Programming Languages: Java, Python, JavaScript
Database: MySQL (Basic Queries, Data Validation, CRUD Operations)
Web Technologies: HTML, CSS

PROJECTS

PrepWise- AI Voice Agent Interview Platform (React, Node.js, Postman, Firebase)

- Built a full-stack web application with authentication, dashboards, and persistent storage for interview practice workflows.
- Validated **frontend–backend integration** through **manual testing** of **API responses**, input **edge cases**, and **authentication flows** to ensure reliable user experience.
- Designed modular, reusable components, implemented **input validation**, and maintained a scalable, clean architecture.

WELTH- AI-Powered Finance Platform (Next.js, Prisma, Supabase, MySQL, Postman)

- **Developed a database-driven full-stack platform with secure authentication and API-based data access.**
- **Tested CRUD operations** and database-driven workflows manually, writing **SQL queries** to verify data integrity and identifying **bugs** before deployment.
- Focused on **scalable architecture**, responsive UI, and seamless **frontend–backend data flow**.

SkillSync AI- Smart Resume Analyser (React, Node.js, REST APIs, Postman, Firebase)

- Built a **web application** that processes resumes and job descriptions and displays structured insights through a **user-friendly interface**.
- Designed and executed **test scenarios** and **test cases** for resume parsing and scoring **APIs** using **Postman**, verifying response accuracy and handling **edge cases** in input data.
- Emphasized **clean data flow**, **modular design**, and maintainable code for long-term scalability.

ACHIEVEMENTS

- ***Won first prize** out of **25 teams** in **business pitch** held in college*
- ***Co-Lead** in **content team** in freelancing club*
- *Participated in **HackOn** with Amazon Season 5*
- *Secured ELITE+SILVER certificate in NPTEL (Privacy and Security in Online Social Media)*
- *Independently performed **manual testing** and **API validation** using **Postman** across personal full-stack projects, documenting **bug reports** and **test cases***

CERTIFICATIONS

- *MATLAB Certification*
- *AWS Solutions Architect*
- *Power BI Workshop*
